```javascript
const a = [1, 3, 5, 7, 9];
const b = [2, 4, 6];

const data = [a, b];
console.log(data);

for (let i=0; i<data.length; i++) {
    console.log(data[i]);

    for (let j=0; j<data[i].length; j++) {
        console.log(data[i][j]);
    }
}
